Wonson, Gloucester; J. Oscar Goodale, Peabody; Sam'l B. George, Groveland; John J. Manning, Rockport; Issac F. Knowlton, Hamilton; Frank P. Todd, Rowley; B. Frank Barnes, Haverhill; George W. Creesy, Salem; Alonzo B. Fellows, Ipswich; George A. Dow, Salisbury; Edward A. Fuller, Lawrence, Lewis W. Hawkes, Saugus; Edwin Bates, Lynn; William H. Bates, Swampscott; John H. Perkins, Lynnfield; Chas. J. Peabody, Topsfield; John Baker, Manchester; Nath'l P. Perkins, Wenham; A. P. Alley, Marblehead; Richard Newell, W. Newbury.

It was Voted—That the drafts of said mortgage and the note as read be approved and confirmed, and that the said mortgage be signed, sealed, acknowledged and de-

livered, and said note to be signed and delivered to said bank, by Frederick A. Russell, President, John M. Danforth, Secretary and William S. Nichols, Treasurer.

On motion of Arthur Elliot of Peabody to choose a committee to revise the premium list and report to the trustees at their meeting in November it was .

Voted—To refer the whole matter to the Executive Committee.

The committee appointed at a special meeting of the Society, June 4, 1907 to report at the annual meeting of the Society to ascertain as near as may be the valuation of the Society's grounds and buildings in Peabody, reported through its chairman Mr. Nelson of Georgetown as follows.

That it appears that the grounds contain about thirteen acres of land, capable of being divided into 100 building lots worth \$200.00 per lot, as land has been sold nearby. A second estimate is that the land is worth from five to ten cents per foot, lots 50 by 100 feet would be worth from \$250.00 to \$500.00 per lot. The property is on the town books at \$10,000.00 but we are informed that the assessors are of the opinion that the actual value is much more than that, from \$15,000.00 to \$17,000.00, as no tax is assessed the valuation remains the same as years ago. We are of the opinion these figures represent a fair and conservative estimate.

Voted to adjourn.

JOHN M. DANFORTH, Secretary.

REPORT OF NEW MEMBERS.

There have been ten new members added to the Society since the last annual report, seven of whom became members by receiving a premium of seven dollars and upwards, according to the rules of the Society, from different cities and towns as follows:—

Andover, 1; Boxford, 1; Danvers, 1; Middleton, 2; North Andover, 1; Peabody, 2; Salem, 2.

INSTITUTES.

The Society has held four Institutes the past year, on as many different days, both forenoon and afternoon at which the following subjects were discussed by any of the audience who desired.

The first Institute for 1907 was held at Grange Hall, Andover, Friday, Feb. 1. Subject, forenoon, "Dairy Farming as a Business," "Inspection of Barns," afternoon "Four Months Experience Milking by Steam," by Warren C. Jewett of Worcester.

The second Institute was held at Grange Hall, Haverhill, Friday, Feb. 15. Subject for the forenoon, "Farm Buildings" by P. M. Harwood, General Agent of the Dairy Bureau; afternoon, "A Healthy good-natured wife, a Farmer's best investment," by Mrs. S. Ella Southland.

The Third Institute was held at the Town Hall, Danvers, Friday, March 1. Subject for the forenoon, "Market Gardening," by Henry M. Howard, of West Newton; afternoon, "Profitable Poultry Keeping," "Eggs and Poultry for Market," by A. F. Hunter, Associate Editor of American Poultry Advocate.

A field Institute was held at the Danvers Asylum, Friday, April 26. The principal speakers were P. M. Harwood on Judging a good Dairy Cow, Dr. Francis W. Page on Pure Milk, and Tuberculosis Cows, and Dr. Newcomb on Bovo-Vacine.

TO THE MASSACHUSETTS STATE BOARD OF AGRICULTURE:

Having been requested to take the place of Mr. N. Sargentoph, the assigned delegate to the Essex Agricultural Society at Peabody, I visited the exhibition on the 17th of September, which was the opening day, and therefore a little early for all arrangements to be in perfect order.

An innovation was made this year, by holding the entire exhibit on the grounds of the society; a part being formerly held in the Town Hall, and the change was an improvement, giving a more satisfactory display. The grounds are comparatively level, easily reached, and well suited to the purpose. A portion of the show had to be held in tents, as there was not sufficient room in the permanent buildings, these are apparently economically built and in good order. There was a large number of miscellaneous occupants of the grounds, but I saw no gambling.

There were on exhibition 60 cows, heifers and bulls, of pure breeds and grades, and herds of milch cows; also one pair of steers. In the horse department the entries were 30 in number. In swine there were 23 entries, with 125 pigs and hogs. There were 8 or 10 sheep and a few Angora goats. In the poultry department there were 250 or 300 hens, cocks, chickens, ducks, geese, turkeys, and a large lot of pigeons, the latter entered by boys. The Massachusetts Fish and Game Society had a fine exhibit of clams, in various stages of growth, which was quite interesting.

In vegetables and fruits good displays were made, considering the dry season. In fruits, apples, pears, grapes and plums were shown. There were 20 entries for children's work, also art work, carpets, rugs, etc., as well as bread and cake.

A large tent occupied by the wares of Salem merchants was an agreeable feature.

The attendance was large, and very wisely the school children were admitted free in the afternoon of the first day.

Respectfully submitted,

(Signed)

WILLIAM H. SPOONER.

REPORT OF THE COMMITTEE ON GRASS AND GRAIN CROPS.

There was but one entry submitted to this committee, a crop of English hay entered by George L. Gleason and Son of Topsfield.

The Committee viewed the grass just before it was cut and found a heavy crop on all the pieces. Mr. Gleason has been very successful in growing good crops of grass by his method of fertilization without the use of stable manure.

The Committee recommends that George L. Gleason and Son be awarded the first premium of seven (\$7.00) dollars.

Charles H. Preston, Frederick A. Russell, Charles J. Peabody, *Committee.*

STATEMENT OF GEORGE L. GLEASON AND SON.

Topsfield, Oct. 28, 1907.

Mr. Charles H. Preston, Hathorne, Mass.

Dear Sir:

Lot No. 1 was grown on a field formerly in pasture. It was first plowed about twenty years ago. No stable manure was ever applied, was for several years dressed with wood ashes, unleached, and a small quantity of Ames' fertilizer. Two years ago it was plowed and reseeded, 500 lbs. of fertilizer was applied similar to that manufactured by Rogers and Hubbard, Middletown, Conn. No clover seed was ever sown. In the spring of 1906, 400 lbs. of fertilizer similar to the last and Top Dressing of Rogers and Hubbard was applied, also the same amount in the spring of 1907 was put on—200 lbs. was applied Aug. 1. The drought prevented our getting large return. The soil is

sandy loam, part of it with a clay and part a gravel bottom.

Lot No. 2 was raised on two fields. The first three-fifths of an acre was heavily manured by my tenant and seeded to grass five years ago. A part of it was a strawberry bed and had no seed applied but still gave us a good stand of Timothy. It received the same amount of top dressing as lot No. 1 both spring and summer. Part of it produced very little second crop for lack of rain. The other lot of No. 2 consisted of one-half acre and was seeded to grass in September of 1906, was used as a garden by my tenant and was highly manured. Was treated the same as Lot No. 1. The soil was very similar only a part of it was next to a river meadow and had plenty of moisture. Think one-quarter acre of it must have given us 6 tons the first crop and 2 the second. The second crop of Herdsgrass was headed out when cut. This field gave us the best returns we have ever had. We are not used to reports and you may wish for further information.

Sincerely yours,

G. L. GLEASON & SON.

STATEMENT OF C. J. PEABODY.

This certifies that I have measured two lots of hay grown the present year by George L. Gleason and Son of Topsfield and entered for premium with the Essex Agricultural Society. Lot No. 1, clover mixed hay grown on one acre yielded four tons reckoned 520 cubic feet to the ton measured on the morning of the 30th of August, the hay was well packed and solid. The second crop on this lot weighed 890 lbs. a total yield for the year of 4 tons, 890 lbs.

Lot No. 2, mostly Timothy grown on four-fifths of an acre produced at the rate of five tons per acre, first crop. Measured as Lot No. 1 was, and at the rate of one ton per acre, second crop. The second crop was weighed on public scales and by a sworn weigher.

C. J. PEABODY, *Com.*

Topshfield, Mass. Nov. 4th, 1907.

Mr. C. H. Preston, Hathorne, Mass.

My Dear Sir:—

This summer I measured for Mr. George L. Gleason, of this town, three tracts or parcels of land as follows:

One acre, Timothy and Clover mixed, seeded two years ago.

Three-tenths acre, Timothy in plot by itself, seeded five years ago.

One half acre, Timothy, an average from a plot of about one acre seeded in 1906.

I measured these parcels carefully and am willing to say that I considered them correct.

Respectfully,

ANDREW L. PEIRCE.

Duties of Committees.

No committee is authorized to award gratuities, except the committee on agricultural implements, carriages, bread, honey and canned fruits, domestic manufactures in hall, and flowers; or any premium, unless the rules of the Society have been strictly complied with. Neither shall they award premiums or gratuities in excess of the amount appropriated.

No gratuity is to be awarded of less than fifty cents, except on work by the children, and none in that class less than twenty-five cents.

The several committees are requested to affix premium cards, and also on animals blue and red printed premium ribbons (which may be had of the Secretary or assistants on the grounds and at the hall), for the several animals or articles, designating the grade of premium awarded each, and the name of the person to whom awarded, and especial care should be taken that the cards issued correspond with the awards in their report to the Society.

The reports of awards of premiums on animals and articles exhibited at the show, must be delivered promptly to the Secretary for announcement on Thursday.

Any member of a committee who cannot serve on the same is requested to give notice to the Secretary, before the show, so that the vacancy may be filled.

Each member of the several committees will receive a ticket of admission to the grounds and hall of exhibition on application to the Secretary.
